

MANISH KUMAR

FULL STACK DEVELOPER • MERN • SPRING BOOT

+91-8191994215 | manishprajapati.cs1@gmail.com | manishdev.xyz | LinkedIn | GitHub

EDUCATION

GLA University, Mathura

Bachelor of Technology in Computer Science - **CGPA - 8.48**

Aug 2023 – Jun 2026

Mathura, India

Vivekananda College of Polytechnic, Aligarh

Diploma in Computer Science & Engineering (Honors) - **Percentage - 83.3%**

Apr 2020 – May 2023

Aligarh, India

INTERNSHIPS & EXPERIENCE

Cognizant

Programmer Analyst Trainee

Mar 2026 – Jul 2026

Coimbatore, India

- Gained hands-on exposure to enterprise Java, Spring Boot, and Angular through a Blood Management System project.
- Built a test automation framework (Selenium, TestNG, Cucumber, REST Assured) to validate application functionality, strengthening quality-focused development practices.

Devslane Pvt. Ltd

Full Stack Web Developer Trainee

Jun 2024 – Sep 2024

Noida, India

- Developed and deployed MERN stack applications for real-world clients; built a secure JWT authentication system with role-based access control.

PROJECTS

MediConnect – Healthcare Management System | Spring Boot, Angular, MySQL, JWT

2026

- Built a full-stack healthcare platform connecting Patients, Doctors, and Admins with appointment booking, prescriptions, and doctor-approval workflows.
- Implemented stateless JWT (HS384) authentication with BCrypt password hashing and role-based route guards + HTTP interceptor on the Angular frontend.
- Designed 6 REST controllers and 15+ endpoints across public, admin, doctor, and user access tiers, backed by JPA/Hibernate across 6 relational tables.

Onboarding Management System | React.js, Node.js, Express.js, MongoDB

Jul 2025

- Designed and deployed a full-stack HR onboarding platform used for employee management.
- Developed RESTful APIs for real-time onboarding progress and employee status tracking.

SwiftKart (E-Commerce Platform) | React.js, Tailwind CSS, Node.js, MySQL

Feb 2024

- Developed an e-commerce web application with product listings, cart, checkout flow, and secure order-processing APIs using Node.js and MySQL.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, HTML, CSS

Frontend: React.js, Angular, Redux, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, Spring Boot

Database: MongoDB, MySQL

Tools: Git, GitHub, Postman, Maven, Netlify, Vercel, Render

ACHIEVEMENTS

- Solved **300+ Data Structures & Algorithms problems** on **LeetCode** and **GeeksforGeeks**, significantly improving problem-solving and coding proficiency.
- Led the development of the **Blood Management System** during my **Cognizant** internship by coordinating team tasks, driving technical discussions, resolving development challenges, and ensuring successful project delivery within deadlines.

CERTIFICATIONS

- Certified as a Full Stack Web Developer – Devslane Pvt. Ltd.
- Certified in Machine Learning and Data Science – Coding Blocks
- Software Development Engineer Internship Certificate – Bluestock Fintech
